FORT WAYNE REIA SUCCESS STORIES

I've learned a ton from other members who own or manage a hundred to 900 units. Whether you just starting out or been doing this for year it's great to get this kind of insight and experience.

You'll make thousand times the cost of the membership. You definitely won't regret it. Matt Gruntman

Fort Wayne REIA is unbelievable in the knowledge that is provided for an inexpensive membership.

I've learned valuable tips and members are very friendly. They guide you for any avenue you are interested in. I highly recommend you come and try it! Linda Jackson

About a dozen members went to look at that property that I marketed during the networking session at the meeting. I now have an offer in hand on the property. All in all, just a fantastic day! Our sincerest thanks to Indiana REIA. Kathy Selig

With so many great investors involved with so many years' experience; who all specialize in so many different aspects of real estate, it's really a one stop shop. Definitely a great place to turn for motivation, a new angle or a brilliant idea. As a newbie I didn't have any network but now I have so much knowledge in my back pocket I'm able to take on any project that might come my way. I'm on my 1st deal and I don't think I would have had the backbone to do it without this REIA. It's a reach-for-the-stars, make-it-happen kind of group. Christy Wingfield

I think this REIA covers a vast amount of great knowledge; it's an informational highway. It's a great opportunity to ask questions in a safe environment and find hidden deals right in your own backyard and a great way to promote yourself to have a successful future. Kolin Young

Join the group! There's incredible content. Membership is one of the cheapest and best things you can do to educate yourself as an investor. Don Conrad

I've gotten a lot of great information and advice that's been great for me; different ways to do things Instead of trying to wing-it on my own or learn as I go. Now I can avoid costly mistakes and have better ways to approach deals and situations. Mark McKibben

I'm very excited about the REIA because I can learn different styles of investing in my down time but I can also network and build relations with different types of investors. John Holifield

Fort Wayne REIA™ has great networking; there are a lot of deals going around. It's been a real pleasure to talk with this group; they are all very friendly. Selina Stoller

The people here have helped me so much in my real estate career. I don't believe I would be where I am without them. You get the contacts that will make or break you. The people have so much to offer so you don't have to guess. It will work because the members are from here. So you can trust what you're getting is the real deal. Josh Barnard

You need to be at every Fort Wayne REIA meeting for the deals and networking. And if you're not a member you got to join because the member benefits will just blow you away. Larry Goins

There's some of the best information you're going to find and some of the best investors, all here at Fort Wayne's REIA. You need to be here! Bring your deals and business cards because the networking is phenomenal. Reggie Brooks

The REIA meetings are an explosion of knowledge- more than you could find anywhere else. It's so exciting and profitable to see the different angles and ways to make money in real estate. You can live in Fort Wayne all your life and not find these valuable connections. Dan Dew
